WHO WE ARE

Design Fix Interior Solution is a premier interior design company dedicated to transforming spaces into functional and aesthetically pleasing environments. Established with a passion for design excellence, we specialize in creating bespoke interiors for both residential and commercial segments.

With over a decade of experience in the UAE, we have successfully completed more than 20 projects, ranging from luxury apartments and villas to corporate offices and retail spaces. Our team of skilled designers and craftsmen work closely with clients to deliver personalized solutions tailored to their unique requirements.

At Design Fix, we combine innovation, craftsmanship, and the latest industry trends to bring your vision to life. From conceptual planning to the final execution, our comprehensive interior design services focus on attention to detail, quality, and timely delivery.

UNDERSTANDING SOLUTIONS SUCCESS

Our success stems from our capacity to thoroughly comprehend our clients' businesses, meet their specific needs, and offer tailored solutions.

FIT-OUT

01

We offer interior fit-outs for hospitality, commercial, retail and residential projects.

PROJECT MANAGEMENT

02

Importancy of deadlines and accuracy of delivering the project is our most essential asset.

DESIGN & BUILD

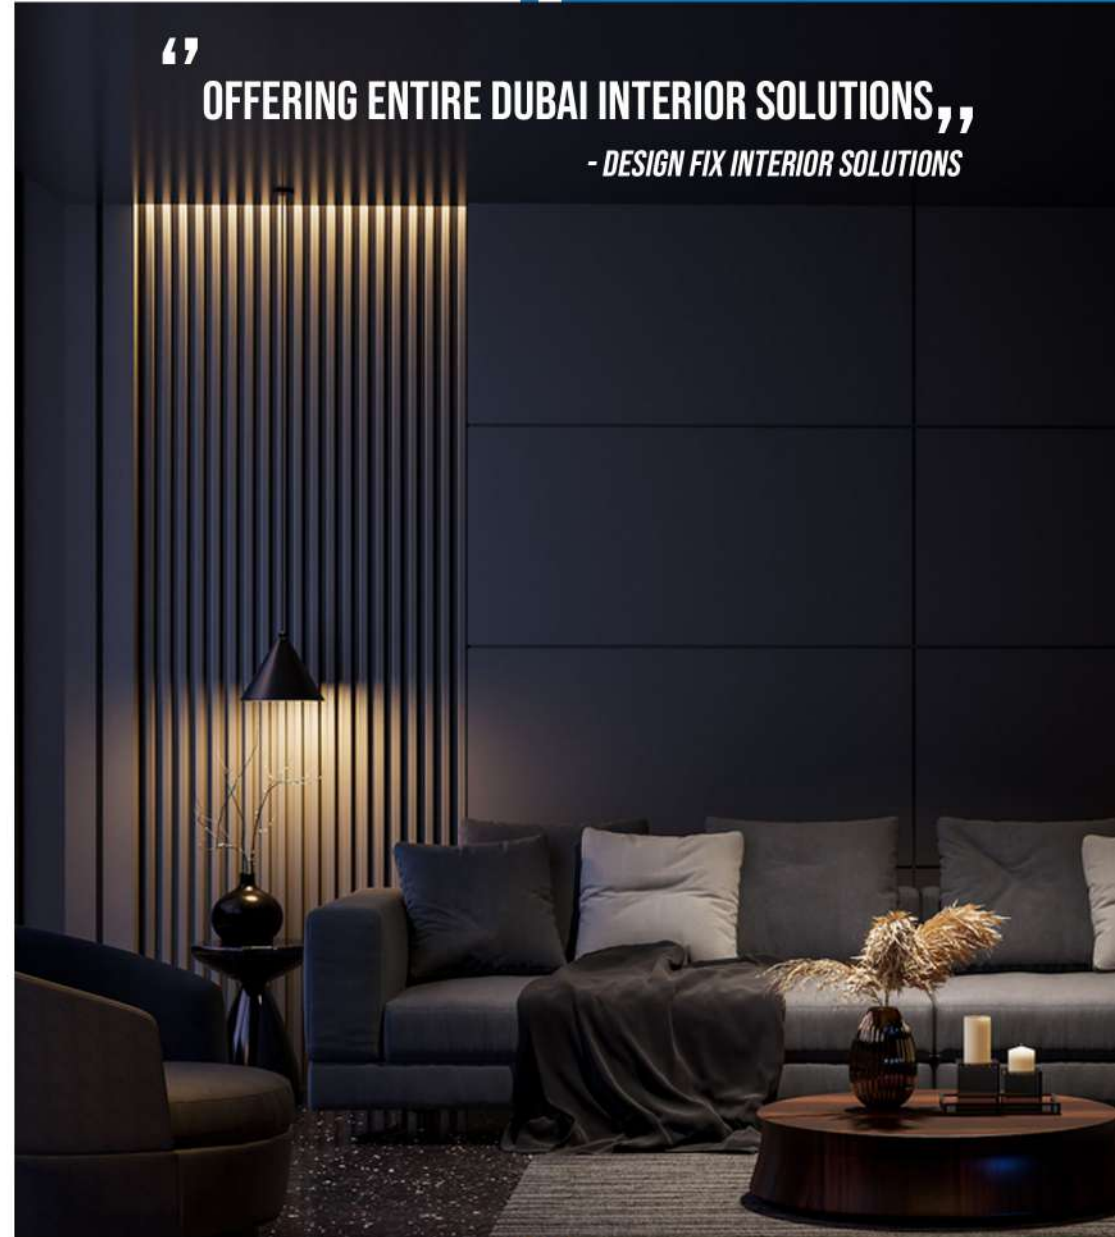

03

Following and creating the latest trends in design and crafting.

CONTRACTING WOODSHOP

02

We offer a range of services including contracting, woodshop operations, paint and special finishes, steel and metal work, signage and LED light work, and stone shop services

TURNKEY FIT-OUT

03

Our experienced team offers their skills and resources across the project from the start, leading to finishes of superior quality and opera excellent results

MEP

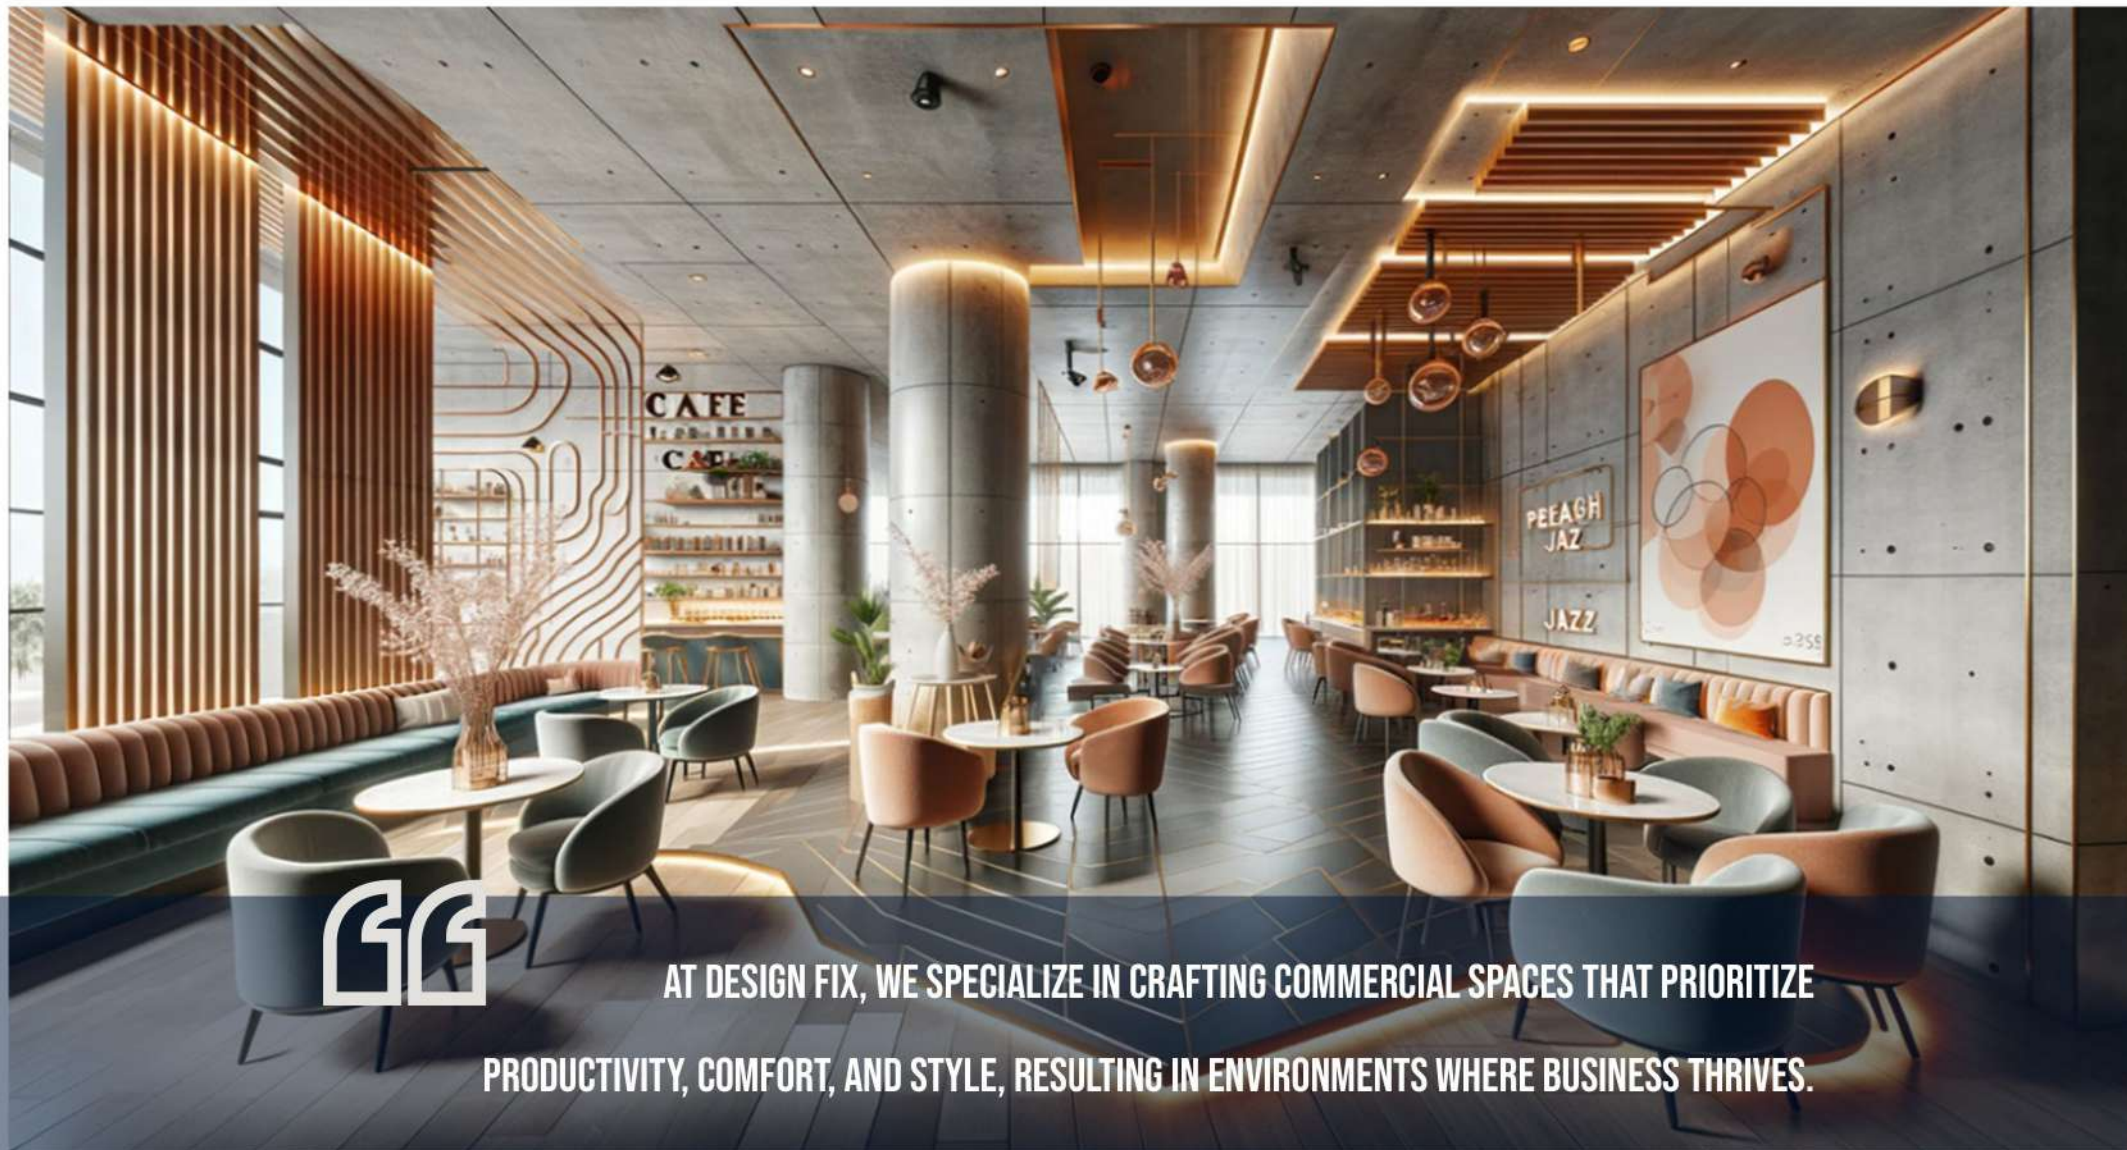

04

Mechanical, Electrical, and Plumbing (MEP) refers to the installation of services which provide a functional and comfortable space for the building occupants. In residential and commercial buildings, these elements are often designed by specialized MEP engineers. MEP's design is important for planning, decision-making, accurate documentation, performance- and cost-estimation, construction, and operating/maintaining the resulting facilities.

LANDSCAPING

05

The designing phase consists of research, idea gathering, and planning. During this phase you, the homeowner, will work closely with a landscape designer or architect that specializes in residential design. Together you will address design considerations such as the desired purpose for you yard, what features will be included and what landscaping style will be employed. The designing phase ends with you receiving a completed plan that proposes location and materials for hardscapes and outdoor living features, as well as plants.

AT DESIGN FIX, WE SPECIALIZE IN CRAFTING COMMERCIAL SPACES THAT PRIORITIZE PRODUCTIVITY, COMFORT, AND STYLE, RESULTING IN ENVIRONMENTS WHERE BUSINESS THRIVES.
